Change Title: Relocation of SSN Label on E1.L Form Factor for D7-

P5520, D5-P5316, and D5-P5336

Customer: Generic **Date of Publication:** July 2, 2025

Key Characteristics of the Change:

Label

Forecasted Key Milestones:

PCN Notification Days 30 days

Date Customer Must be Ready to Receive Post- August 1, 2025

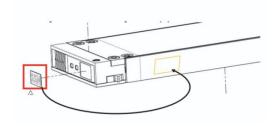

Conversion Material

Description of Change to the Customer:

Solidigm is relocating the SSN (Solidigm Serial Number) label on the E1.L form factor for the following products:

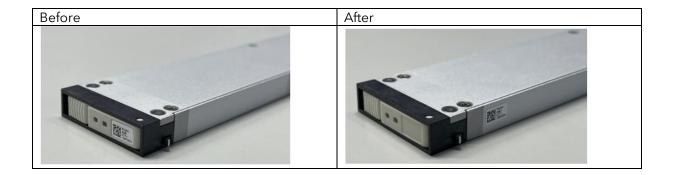

- D7-P5520
- D5-P5316
- D5-P5336

The SSN label is being moved from the latch area to the side of the enclosure case. This is a **visible** change only and does not impact product functionality.

This update is being communicated to customers because it is a label placement change that is externally visible.

Customer Impact of Change and Recommended Action:

Solidigm anticipates no impact to customers from this change. It is a visible-only modification involving the relocation of the SSN label on the drive enclosure. There is no effect on product functionality.

This change will be implemented as a soft cut-in in 30 days. This means:

- Any newly built drives on or after the cut-in date specified in the PCN will reflect the updated label placement.
- Drives built prior to the cut-in date will not include the change.
- SSDs already in warehouse inventory will continue to ship without the updated label if they were manufactured before the cut-in date.
